- 4. Ecosystem
- 5. Roadmap

Cute Meme. Big Dream.

Wealthdoge was dreamed up in April 2022 with the goal of becoming a decentralized community focused meme project with true purpose.

Wealthdoge's mission is to bring new cryptocurrency concepts to mainstream investors. Unlike older, comparable projects, \$Wealthdoge introduces holders to next-generation concepts such as Staking, NFTs with utility, rewards and more.

Within the first month of planning, \$Wealthdoge have made huge plans for an entire ecosystem built around the Wealthdoge brand, including staking, NFT staking as well as many more exciting utilities that rewards the holders of \$Wealthdoge.

Big Dream. Big Utility.

\$Wealthdoge TOKEN

A BEP20 (BSC) meme token that promotes healthy and widespread growth and

usage through the Ecosystem built around the \$Wealthdoge brand as well as decentralization of the project through specific rewards linked to users' transactions involving decentralized wallets and other utilities such as staking.

Wealthdoge GAMES

Wealthdoge games will be at the heart of the Wealthdoge ecosystem paired with regular tournaments for \$Wealthdoge holders, winners of these tournaments and also the play to win games will be paid in \$BNB or \$Wealthdoge tokens. You will need to be a holder of a set amount \$Wealthdoge tokens to win prizes.

Wealthdoge NFTs

NFTs with real utility. Wealthdoge are producing a set of unique NFTs that will

have their own utility in the form of NFT staking. This will allow you to earn a variable amount of passive BNB income just for holding \$Wealthdoge NFTs.

Wealthdoge STAKING

Staking pools will be available shortly after launch. We will be running a flexible pool as

well as a choice of locked pools such as 45 days and 90 days, all with variable APRs.

COIN LOCATOR

The next big thing for finding up and coming projects before anyone else, powered by Wealthdoge. Offering listings and advertising to new projects, bringing revenue directly to the Wealthdoge ecosystem and rewarding holders of the \$Wealthdoge token

TRANSPARENCY & COMMUNITY

Wealthdoge is fully decentralized and ownerless, supported by its community of enthusiasts. Free, open and frank communication is encouraged within the community supporters so that everyone can be informed and even participate in every step of Wealthdoge's growth! Multiple, independent, free group efforts in development, community self-management and more are strongly encouraged!

TRUST

In the cryptocurrency space, trust is paramount. That means full transparency from the team, not only in the development of the project, but also in the security of the project. Examples include industry-leading audits of \$Wealthdoge's code, and a liquidity lock to ensure there is no risk of malicious behaviour.

LONGEVITY

The Wealthdogeteam are here for the long haul. The team and community are in the process of creating an ecosystem which will stand the test of time and result in real use cases, greater rewards and a popularity beyond any temporary trends.

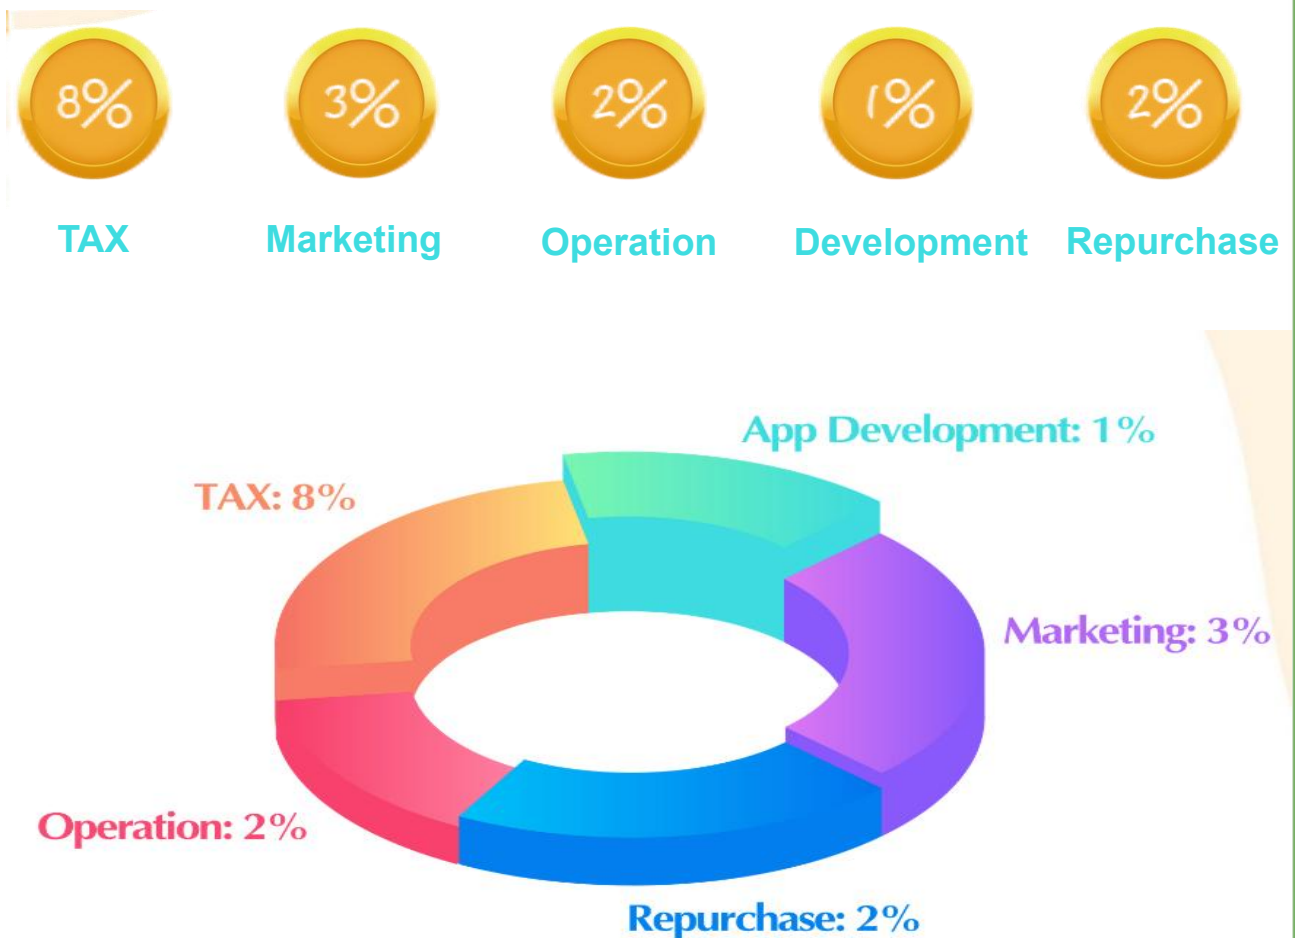

03 \$Wealthdodge Token

\$Wealthdodge is a BEP20 (BSC) token which is due to launch on the Binance Smart Chain.

The max supply is 500 million and one of the key functionalities is its automatic rewards system. For every user transaction a 1% \$Wealthdodge reward is granted to holders' decentralized wallets only, creating a healthy distributed network and community usage of the token. The more \$Wealthdodge is actively used, the more rewards are earned!

The \$Wealthdodge token Smart Contract will undertake multiple top-grade security audits to further the community's confidence, in a fully transparent way.

Wealthdodge is a fully decentralized and community driven project - \$Wealthdodge will also offer staking and liquidity farming within 1 month of listing, giving the community more ways to earn passive income by holding \$Wealthdodge tokens.

STAKING

We will be offering some staking shortly after the token launch, some of which will have a lock-up period, unlocked pools that investors can enter and leave at any time.

You'll be able to earn variable returns along with a 1% bonus

Can be compounded to earn more tokens or harvest

They go to your wallet.

Wealthdoge NFTs

NFTs with real utility. Wealth Doge are producing a set of unique NFTs that will have their own utility in the form of NFT staking. This will allow you to earn a variable amount of passive BNB income just for holding \$Wealthdoge NFTs relative to their rarity. We will be releasing our first set of NFTs not long after the official launch and aim to integrate the NFT staking contract soon after.

GAMES

Wealthdoge games will be at the heart of the Wealthdoge Inuecosystem paired with regular tournaments for \$Wealthdoge, winners of these tournaments and also the play to win games will be paid in \$BNB or \$Wealthdoge tokens. You will need to be a holder of a set amount \$Wealthdoge tokens to win prizes.

\$Wealthdoge TRACKER

\$Wealthdoge Tracker We're ready to build our own \$Wealthdoge tracker within 2 weeks of listing, which will link to our official website. This will allow investors to track their returns over time and see at a glance how much they are getting from returns built into tokenomics.

\$Wealthdoge contract, and other information about Wealthdoge.

05 Roadmap
